

Handleiding Wordle

Surf naar de website <http://www.wordle.net>

Je krijgt volgend scherm te zien:

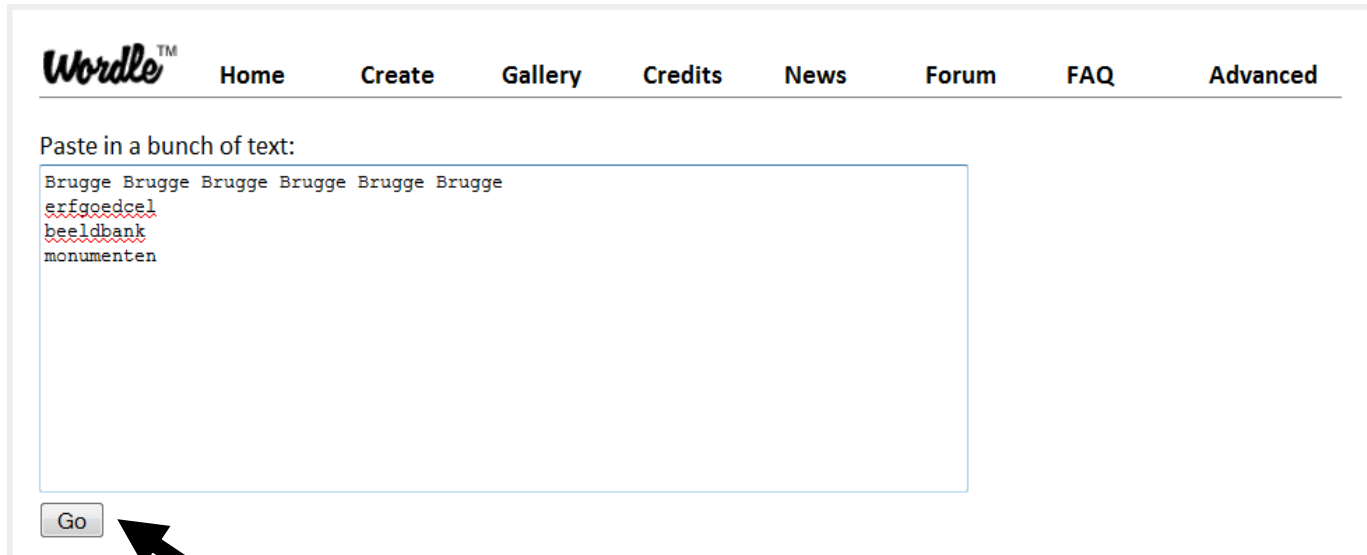

The screenshot shows the Wordle website homepage. At the top, there is a navigation menu with the following items: **Wordle™**, Home, Create, Gallery, Credits, News, Forum, FAQ, and Advanced. Below the menu is a paragraph of text: "Wordle is a toy for generating 'word clouds' from text that you provide. The clouds give greater prominence to words that appear more frequently in the source text. You can tweak your clouds with different fonts, layouts, and color schemes. The images you create with Wordle are yours to use however you like. You can print them out, or save them to the Wordle gallery to share with your friends." Below this text is a link: **Create your own.** Underneath that is the text "View some examples created by others...". There are four word cloud examples displayed in a row. Each example has a title, author, and creation date below it. The first is "English notebook cover" by Ace Acedemic! (2 years, 8 months ago). The second is "Period G" by Meredith (2 years, 8 months ago). The third is "US Constitution" by Jonathan (2 years, 5 months ago). The fourth is "Most Common Crossword Answers" by Jonathan (3 years, 4 months ago). At the bottom left of the examples is a link: [More...](#)

Klik op 'create your own'.

This screenshot is identical to the one above, but it includes a large black arrow pointing from the left side of the page towards the "Create your own." link. The rest of the page content, including the navigation menu, introductory text, and the gallery of word clouds, remains the same.

In het venster kan je de woorden typen die je graag in de wordle wil verwerken. In de wordle staan er steeds losse woorden. Je kunt er dus geen zinnen in plaatsen.

Wanneer je hetzelfde woord verschillende keren naast elkaar typt met een spatie ertussen, komt dit woord in het groot op je wordle.

The screenshot shows the Wordle website interface. At the top, there is a navigation bar with the Wordle logo and links for Home, Create, Gallery, Credits, News, Forum, FAQ, and Advanced. Below the navigation bar, there is a text input field with the prompt "Paste in a bunch of text:". The input field contains the text: "Brugge Brugge Brugge Brugge Brugge Brugge", "erfgoedcel", "beeldbank", and "monumenten". Below the input field is a "Go" button. A black arrow points from the text "Daarna klik je op 'Go'." to the "Go" button.

Daarna klik je op 'Go'.

Dit is het voorbeeld dat je kan zien. Dit zal bij iedereen anders zijn.

Je kan de wordle nog aanpassen aan je eigen smaak. Dit kan je doen door gebruik te maken van volgende knoppen.

Edit Language Font Layout Color

Als je klikt op 'Font', dan kan je het lettertype kiezen.

Als je op 'Layout' klikt, dan kan je de woorden anders plaatsen.

Als je klikt op 'Color', dan kan je de woorden en de achtergrond een andere kleur geven.
