## About us

### Bruges Meeting & Convention Centre

The building will open its doors at the end of 2021. The Bruges Meeting and Convention Centre will be located in the **historical city centre**, within easy walking distance from most hotels and sights.

The **trade fair section** at the ground floor measures 4 500m<sup>2</sup> and has a multi-propose for public events and expos. The roof construction ensures ample direct daylight, creating pleasant natural lighting conditions in the hall.

**The conference section** has a capacity of meetings and conferences from 10 up to 510 attendants. The 'three chairs'-principle will be applied. This means that every attendant will have a chair in the plenary hall, one in the break-out rooms and one in the catering area. All facilities will be available: a plenary hall with – among other things – 510 retractable seats, a large foyer, poster areas, eight modular breakout rooms and a catering area on the top floor offering magnificent views of the city.

## Curious to see what the new Bruges Meeting and Convention Centre will look like?

Click [here](#) to have a look inside the building. You can virtually walk from one room to the other and discover the different setups in 360°.
